

23rd May 2017

I am writing a personal reference letter for Paul and Sandra, who are offering their services to provide house sitting and petcare.

Paul and Sandra used to live in a beautiful home in the inner-city suburb of Glebe until the end of September 2016 which I had the pleasure of selling their home. They are both animal lovers. They are very responsible homeowners who had taken care of all aspects of maintaining a clean and tidy home.

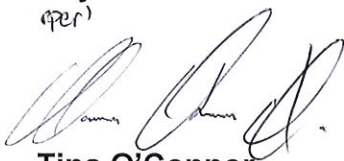

I would highly recommend Paul and Sandra as house sitters. They have a friendly, fun and mature personality that a pet or home owner would invite into their home.

As an agent, I understand a homeowners need to ensure that a trustworthy and professional adult watches your premises and cares for your property as though it were their own. I can honestly say that Paul and Sandra would be wonderful house sitters and would absolutely care for your home and maintain it to the highest standards.

Yours faithfully

Ray White Annandale
